SMART Volunteering: Work Package 3 National Reports

As part of the SMART Volunteering Work Package 3, each partner country conducted a series of Mentoring Circles™ sessions, with Target Group 1, in order to pilot the SMART Volunteering training materials developed as part of this output. Piloting took place in the UK, Spain, Italy, France, Belgium and Cyprus. Annexes were provided to the work package leader, Inova Consultancy, and the Coordinator, CCSEV.

Below are the links to each of the national reports written by the partners involved in the piloting:

After the work package leader, Inova Consultancy Ltd, collected all national reports from each of the partner countries, comparative reports were created in order to compare, contrast and present the piloting results across the partnership into a final document. The comparative report can be found under the WP3.A4 deliverable – European Comparative Report.

Given the nature of the two Circles programmes within this output, the IO leader decided to create two comparative reports in order to fully explore the piloting sessions in each partner country, whilst maintaining the difference in aims and objectives between the Mentoring Circles™ and the Diversity Circles™.
